How EMPLOYERS® makes a difference:

Food service workers have the second-highest risk among all workers of injuring themselves by falling down.1

Loss Control Support

Our online resources and loss control services help you evaluate the safety risks of your business and identify cost-effective methods to reduce workplace injuries and illnesses, which can improve productivity and long-term profitability.

Fraud Prevention

Our anti-fraud staff has extensive law enforcement and criminal fraud investigation experience and has saved millions in fraudulent claims costs. Our fraud prevention efforts reduce expenses, which can help lower the cost of workers' compensation insurance.

Efficient Claim Handling

Our 24/7, multi-lingual claim reporting center provides prompt service to injured employees while helping you control your claim cost by working with the injured worker and physicians to help evaluate and administer the appropriate care.

Managed Care Services

We minimize downtime for your injured workers by partnering with carefully selected healthcare providers, expert physician advisors, nurses and claims professionals that provide quality, cost-appropriate, and timely care.
