Glatfelter Public Practice is one of the largest insurance programs in the U.S. for entities that treat, store or distribute water. This national program is underwritten on behalf of an "A+" (Superior) carrier and provides proprietary property and liability insurance coverage.

WinStar Insurance Group is an insurance agency dedicated to water related entities & special districts in Texas. We work with specialized insurance companies that understand the complex risks that water entities face in day-to-day operations. Our associates have the knowledge to help you insure your unique exposures. We understand the importance of partnering with you and being responsive when you need us.
